# Hi. I'm Wendee!

## ELOPEMENT & MICRO-WEDDING PLANNER

Wendee Vezzetti is a seasoned wedding planner with a career spanning over 25 years in event coordination and education. Starting her career as an assistant to two wedding coordinators at Keystone Resort in 1995, Wendee honed her skills as a meeting planner in the continuing medical education industry, where she traveled extensively across the United States. Her passion for weddings blossomed when she began planning events for colleagues, eventually founding her first full-service wedding planning company in 2001.

After selling her company in 2005 to pursue a Master's in Education, Wendee's reputation followed her. She founded Custom Weddings of Colorado, focusing on intimate weddings and elopements. Since 2012, Wendee has specialized in planning small-scale weddings of 35 guests or fewer, emphasizing quality, simplicity, and a personal touch.

Based in the beautiful Golden, Colorado area, Wendee has planned over 1,000 weddings with meticulous attention to detail, deep industry knowledge, and a warm, approachable style. Today, she balances her passion for weddings with her role as a high school digital-teacher-librarian and holds two Master's degrees in education.
